

QUALIFIED SIGNING WITH PRIMESIGN

primesign / www.prime-sign.com is an Austrian TSP for qualified signatures and seals under eIDAS.

WHY QUALIFIED?

- + No longer worry about the **legal certainty** of electronically signed documents
- + Qualified signatures are **legally equivalent to handwritten signatures** throughout the EU

WHY QUALIFIED SIGNING WITH PRIMESIGN?

- + Easy to **use / buy / resell / deploy** in an organization
- + **Available globally** – registered users from 165 countries

FOR INDIVIDUALS

primesign signatures are offered for individual users through **VOUCHER codes**. If only one or a few users within an enterprise need qualified signing, this may also be the best offer.

EASY TO USE

Prior to first-time signing, the user onboards and registers to the primesign service, **within minutes and online via remote identification** (e.g. video, eID). Once registered, the user can then perform qualified signatures with primesign.

FOR ENTERPRISES

For corporate usage, a primesign **ENTERPRISE ACCOUNT** is offered. Every signature transaction, both from users within the enterprise, as well as from invited (possibly external) signers will be billed monthly against this account.

EASY TO USE

Sign instantly by using a national eID (no prior user registration with primesign required) Currently supported: **German Identity Card** (DE, "Online-Ausweis"), **ID Austria** (AT), **Handy-Signatur** (AT)

or

Get a **personal signing certificate issued promptly within minutes** and online via remote identification (e.g. video, eID). Requires a **primesign MOBILE BASIC VOUCHER** per user for registration
