

# QUALIFIED SIGNING WITH

 **Adobe Acrobat Sign**

primesign / [www.prime-sign.com](http://www.prime-sign.com) is an Austrian TSP for qualified signatures and seals under eIDAS. Via the Cloud Signature Consortium / CSC remote signing API, primesign is available to all Adobe Acrobat Sign users.

## WHY QUALIFIED?

- + No longer worry about the **legal certainty** of electronically signed documents
- + Qualified signatures are **legally equivalent to handwritten signatures** throughout the EU

## WHY QUALIFIED SIGNING WITH PRIMESIGN?

- + Easy to **use / buy / resell / deploy** in an organization
- + **Available globally** – registered users from 165 countries

## FOR INDIVIDUALS

primesign signatures are offered for individual Adobe Acrobat Sign users through **VOUCHER codes**. If only one or a few users within an enterprise need qualified signing, this may also be the best offer.

## EASY TO USE

Prior to first-time signing, the user onboards and registers to the primesign service, **within minutes and online via remote identification** (e.g. video, eID). Once registered, the user can then perform qualified signatures with Adobe Acrobat Sign.

## FOR ENTERPRISES

For corporate usage, a primesign **ENTERPRISE ACCOUNT** is offered. Every signature transaction, both from Adobe Acrobat Sign users within the enterprise, as well as from invited (possibly external) signers will be billed monthly against this account.

## EASY TO USE

**Sign instantly by using a national eID** (no prior user registration with primesign required) Currently supported: **German Identity Card** (DE, "Online-Ausweis"), **ID Austria** (AT), **Handy-Signatur** (AT)

or

Get a **personal signing certificate issued promptly within minutes** and online via remote identification (e.g. video, eID). Requires a **primesign MOBILE BASIC VOUCHER** per user for registration

## VOUCHER CODES

All products for individual use, and the registration for a personal signing certificate in combination with a **primesign ENTERPRISE ACCOUNT** are offered through **VOUCHER codes**.

**VOUCHER codes** are available online in our shop or through other sales channels ([sales@cryptas.com](mailto:sales@cryptas.com)); no minimum purchase, no framework agreement necessary.

A **VOUCHER code** can be used personally or distributed internally & externally and across the world, e.g., to employees, customers, or business partners.
